Re: George's, Inc.
George's Farms, Inc.

Ms. Claire Xidis
Motley Rice LLC
28 Bridgeside Blvd.
Mt. Pleasant SC 29464

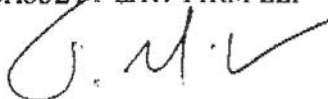

Dear Ms. Xidis:

George's, Inc., and George's Farms, Inc. have already provided you with current balance sheets per the Magistrate's order. George's, Inc will also be supplying you with its most recent audited balance sheet from September, 2008 for fiscal year 2007. George's Farms, Inc does not have audited balance sheets. The production of the George's, Inc. audited balance sheet will bring George's into full compliance with the order.

Additionally, George's demands that the State return the original and all copies of the financial statements it produced, as well as the original and all copies of each of the balance sheets for the years 2004-2007. The Court's order makes it clear that the State was not entitled to receive that information under applicable law. Our accompanying correspondence and/or emails for those productions specifically stated that they were produced subject to the protective order in place in the case regarding such matters, including the clawback provisions thereof. Please return these items by close of business on April 30, 2009 so that we can avoid returning to the court for relief on this issue.

Sincerely,

BASSETT LAW FIRM LLP

James M. Graves
